Summary

I am looking for a remote job only.

I am finishing my studies at the University of the Wisła (Akademia Finansów i Biznesu Vistula) in Warsaw, Poland. I am studying Web Design. This field is attractive because your work is related to the modern requirements of humanity, and the results are realized almost instantly with the help of modern global technologies. I want to develop in this direction.

Professional Skills

HTML5	CSS3	JavaScript
MongoDB	GitHub	GitBush
GitHub Desktop	jQuery	ReactJS
NodeJS	Postman	Insomnia
VSCode	Microsoft Visual Studio	Draw.io
ExpressJS		

Education

**Vistula University (Akademia
Finansów i Biznesu Vistula)**
Warsaw, Poland

2019 - 2023

Design of web technologies

At the university he studied the following languages: HTML, CSS, JAVASCRIPT, PHP, SQL. Developed chat in C# programming language. In the Java language in the Android Studio program we created an application for the phone. I learned ReactJS, NodeJS, ExpressJS and MongoDB on my own, because I wrote my thesis with these languages.

I use Visual Studio and Visual Studio Code.

About

Soft Skills:

Additional Information :	I like to play basketball, ride a bike, and play soccer, I like to go fishing. I like listening to music, audiobooks. I like to watch movies (fantasy, adventure). I like to spend time with my family. time with my family.
Diplom	<p>"Development and implementation of an online store of systems and components for smart home"</p> <p>As a result of the development, a web application was created for easy ordering "Smart home" products. The relevance of the chosen topic was investigated by conducting survey and analysis of the use of similar services and their popularity. After analyzing the possible means of implementation, it was decided to develop a web application in the JavaScript programming language using Node.js and React.js library. Used MongoDB to create a database. Used the Insomnia application to to check POST and GET requests.</p>
Languages	<p>Polish language - A2+</p> <p>English language - A2</p> <p>Ukrainian language - Carrier</p>
